COACHING

Ready to return to yourself?

Somatic coaching is a body-based approach to change and integration — it works with what your nervous system is actually saying beneath the surface. Whether you're

⑪ COMMUNITY H2 FEATURES 49–53

Returning Circle + retreats + events board · warm, participatory · Event schema on Returning Circle · local SEO: Twickenham, Hampton, Taggs Island

COMMUNITY

Come and sit with us.

Every week I hold a women's circle at The Hare and the Moon, Twickenham. Donation-based. No agenda except being in the room together. Connection isn't a concept — it's biological.

A few times a year, a small group comes to Taggs Island, Hampton for a full reset day — water outside, no agenda, just space to come back to yourself.

CLIENT STORIES

What happens when you come home to yourself.

"

I came to Anna feeling like I'd done all the work and still wasn't quite arriving. Within three sessions something shifted I'd been trying to reach for years.

— CLAUDINE, FOUNDER

"

The Returning Circle changed something in me I didn't know needed changing. Being in a room with women who are actually honest — I'd forgotten what that felt like.

— SUSAN, COACH

"

I've worked with therapists, coaches, healers. Anna does something different. She meets you in the body, not the story. That's where the change actually lives.

— NICKY, CREATIVE DIRECTOR
